The best choice problem for random number of objects with a refusal probability

M Horiguchi; Kanagawa Univeresity, Japan
M Yasuda; Chiba University, Japan

July 2009, Cornell

Abstract:

From the motivation to make a material for teaching Math & Stat, some of usful software are introduced. We mainly tried as follow;

(1) e-math (2) ketpic (3) wintpic.

We hope that student understand, corporating mathematical expression or equation, visual computer display and explicit graph based on Compter Algebra Sytem.

Keyword:

Computer Algebra Systems, $\Rightarrow$ Mathematica, Maple, SciLab.

Keyword:

Computer Algebra Systems, $\Rightarrow$ Mathematica, Maple, SciLab.
Macro packages:

- e-math $\Rightarrow$ style file of latex.
- ketpic $\Rightarrow$ tpic form combined with CAS.
- wintpic $\Rightarrow$ tpic form with (half)WYSWYG.

Show samples of figures, text material in math etc... :
